

Senior React Engineer (m/f/x)

Your role at Dynatrace

React | JavaScript | TypeScript | Cloud Automation | Responsive Web | Data Driven Design | Ease of Use

- **Design and develop** modern React (micro)-applications based on serverless frameworks, delivering a **great user experience**
- Visualize complex data structures gathered from various sources
- Collaborate with our back-end development teams to optimize response times and scalability
- **Use modern web technologies** as a basis for single page applications

What will help you succeed

- **Technical study** related to Software Engineering
- Minimum of **five years of professional experience** with web technologies (React/Preact or Angular, TypeScript, JavaScript, HTML & CSS, ...)
- **Enthusiasm** for and experience with **modern web development** and its paradigms (Rollup, Snowpack)
- High-quality standards and analytical thinking skills (critical questioning desired)

Why you will love being a Dynatracer

What's in it for you?

- A **one-product software company** creating real value for the largest enterprises and millions of end customers globally, striving for **a world where software works perfectly**.
- Working models that offer you the flexibility you need, **ranging from full remote options to hybrid ones** combining home and in-office work.
- An environment that fosters innovation, enables creative collaboration, and **allows you to grow**.
- A **truly international mindset** with Dynatracers from different countries & cultures all over the world, and English as the corporate language that connects us all.

Compensation and rewards

- We offer attractive compensation packages and stock purchase options with **numerous benefits and advantages.**
- Due to legal reasons, we are obliged to disclose the minimum salary for this position, which is € 56,000 gross per year based on full-time employment (38.5 h/week). We offer a **higher salary** in line with qualification and experience.

About Dynatrace

Dynatrace exists to make the world's software work perfectly.
