**Student Position: Crypto Library SW Development (f/m/d)**

We are looking for a student, studying at a university in the greater area of Graz, to support our Secure Software team part time, in parallel to their studies. In this position you will be able to get hands-on experience in an international high-tech company.

**Your Responsibilities:**
- Supporting the Crypto Library development and maintenance
- Embedded software development in C
- Implementation of cryptographic algorithms
- Maintenance of quality KPIs

**Your Profile:**
- Ongoing studies in mathematics, computer science, electronic/electrical engineering, information technology or similar
- First experience in embedded software development, using C and assembly is an advantage
- A solid understanding of microcontroller architecture
- First experience in implementing crypto algorithms such as DES, AES, RSA, ECC, SHA is appreciated
- You are a team player and you have initiative
- Availability around 16 hours per week (on average)

**We Offer:**
- Flexible working time
- Home Office opportunities
- On-site free beverages and fresh fruit
- Social events (student get-togethers, networking opportunities, etc.)
  and more!

The minimum salary for this position is EUR 17- gross/hour.
We offer student positions with a variety of lengths.

We are proud to have received the **Leading Employer Award** for the 5th time in a row 2023, which is presented exclusively only to the top 1% of employers in Austria. Furthermore, we have been certified as **Family Friendly Employer** and received the **EqualitA** label by the Austrian government.
