

MED-EL is a leading manufacturer of innovative medical devices for the treatment of various types and degrees of hearing loss. Our unique portfolio of implantable hearing solutions benefits thousands of individuals in more than 100 countries worldwide. With headquarters in Innsbruck, Austria, MED-EL has over 2000 employees around the world. In support of our continuing growth, we currently have an open position with focus on:

## Windows Frontend Developer, C#.NET (m/f)

[Apply online](#)

RD\_VI61901  
Innsbruck, Austria

### Main Tasks

- Develop Windows desktop applications for the clinical fitting of a new implant system
- Design intuitive user interfaces with focus on excellent user experience and usability to facilitate clinical workflows for diagnostics and medical device configuration
- Implement frontend-related logic and view models as part of a modular software architecture
- Active participation in the design and architecture definition process as well as implementation and documentation of software modules according to international requirements for medical devices
- Iteratively develop new innovative software solutions from first prototype to finished medical product

### Requirements

- Completed higher technical education and/or several years of professional experience with frontend development
- Profound knowledge of frontend design methodologies for Windows desktop applications with WPF or UWP
- Excellent programming skills in an object-oriented programming language, ideally C# .NET

- Experienced in applying software design patterns (MVVM, Dependency Injection); Knowledge of usability, user experience or user interface design is a plus
- Very good verbal and written English skills, communicative personality with an independent and accurate approach and willingness to work in an agile team

Salary will be determined based on professional experience; the formal minimum salary according to Collective Bargaining Agreement is EUR 36.154,72.

We offer a challenging opportunity in a multinational work environment with English as our company language. We look forward to receiving your application at [jobs.medel.com](https://jobs.medel.com)
