

In ADB SAFEGATE one of the domains we are specialized in is providing software solutions for Air Traffic Control and Gate applications. We are a global player in providing airport performance with the goal to be the partner of choice for airports in offering them solutions to increase safety, efficiency and reliability. Our solutions for departure flow optimization, digital flight-strips and air traffic surveillance are operated safely worldwide and trusted by Air Traffic Controllers and Airports globally. Since 2001, we are developing software "made in Graz, Austria" and used by airports, towers and customers worldwide. In Graz, Austria, we are currently looking for a:

Software Test Engineer (m/f/d) for Software-/Systemtesting

- **Team:** System&Engineering, Business Unit Tower - Delivery Assurance Engineering Team (DAE)
- **Location:** ADB Safegate Austria GmbH, Herrgottwiesgasse 125, A-8020 Graz, Austria
- **Contract:** full time

Your tasks:

- You're working closely with our software development team and will support our software developers with your quality expertise and know-how
- You're responsible for defining acceptance criteria
- Monitoring and running automated tests are also part of your daily job
- You are specifying and automating test cases and will test our software solutions in exploratory test sessions
- You're supporting in creation of acceptance tests and internal acceptance testing
- Risk estimations of individual releases will be also covered by you.

Your profile:

- Finished technical college (HTL) or studies in Computer Science (TU, FH) or relevant working experience
- Relevant working experience in the field of software testing (manual, automated)
- Basic Scripting skills with Python and basic knowledge of Linux
- Experience with Confluence and Jira is a plus
- Advanced English skills, German is a plus (English as business language)
- Team player with high quality awareness and "outside the box" – thinking, analytical thinking and high structured processing

Our benefits:

We are real team players in a promising and growing business field in the beautiful City of Graz/Austria! We are working on innovative solutions in an exciting industry in the field of aviation in a young and enthusiastic team. We offer nice benefits and are a member company of CINT – Club International (www.cint.at)
