

Looking for a new challenge where you can use your technical skills and directly support our clients at the same time?

Beyond Now is an international leading ecosystem orchestration and digital platform provider, powering organizations to launch new services at speed and grow revenue in an era of cloud, IoT, AI and 5G by utilizing our digital platform and SaaS BSS. We're building our team with the best people, and that's where you come in.

Technical Product Consultant (m/f/x)

Premstätten | Full-time | Immediate Start

What you'll be doing:

- You will be using your knowledge to consult our clients/integrators on how to best integrate our products
- You will analyse the essence of integration issues and propose best practice solutions to overcome them
- You will proactively connect to and exchange with internal stakeholders to improve your knowledge
- You will be continuously spotting areas for improvement

What you bring to the role:

- You have completed an IT education (HTL, University, FH, apprenticeship or similar)
- You are an excellent and proactive communicator
- You understand how to meet people on their own ground and create constructive solutions with them
- You follow a structured approach
- You are not afraid to try out new things and dig into technical details if necessary
- You have a basic willingness to travel (approx. 20%, few weeks at a time) and intercultural competence
- You have strong communication skills in English (verbal and written). German would be an asset.
