Create

- Be part of our vision to contribute to a better world
- Work in a high-tech digitally enabled environment
- Work on challenging projects

Inspire

- Contribute to our ambitious [MAP2030](#) sustainability goals
- Join a dynamic and supportive culture
- Strike a good balance between work and home
- We are collaborators and team players

An inspiring workplace...

- Support the business unit supply chain team in automating the SAP processes using "RPAs" (Robotic Process Automation) across 20-60 plants worldwide
- Automate SAP supply chain processes triggered via Excel VBA scripts
- Adjust existing SAP scripting robots to further enhance the user experience in our plants
- Coordination of projects in cooperation with our partners and colleagues
- Report and develop KPIs on automation levels across the supply chains
- Other tasks to support the supply chain team in digitalization initiatives

...for inspiring people

- Active studies in Information Management or Economics / Supply Chain Management
- Good knowledge of programming languages, ideally EXCEL VBA
- Advanced knowledge as an Excel user (e.g. Pivot tables)
- Ideally basic SAP knowledge (SD, MM, PP)
- First basic Supply Chain knowledge preferred but not needed
- Excellent command of English
- High level of independency in working and gathering knowledge
- Strong communication skills for working within our team as well as with business colleagues and external partners
- High level of self-motivation and analytical skills
- Fast adaption and learning skills
- Structured working style

Grow with us

- **Start:** as soon as possible
- **Location:** [Group office Vienna](#) – Marxergasse 4A, 1030 Vienna
- **Duration:** limited to 6-12 months
