

WE CAN OPEN THE DOOR. BUT YOU HAVE TO WALK THROUGH IT.

GET THE SKILLS TO SUCCEED – THE GLOBAL
LEADER DEVELOPMENT PROGRAMME.

Take the lead with us - enter our BMW Global Leader Development Programme! We are looking for people like you who aim to realize their visions, while keeping their feet on the ground. You are an engineer with big ideas that will reinvent mobility. Now it's time to learn how to lead the way. Step by step. All over the world. That's why international experience and variation are integral parts of our Global Leader Development Programme. If you are passionate about mobility solutions for tomorrow and enjoy carrying responsibility, you're our woman, or man.

Global Leader Development Programme - E-Mobility (f/m)

Job reference: AT01250

As Trainee E-Mobility you will become part of an experienced and passionate production team for electric motors, working innovatively to create a smart production environment. With your passion for innovative solutions to make powertrain production fit for the future, you will contribute significantly to the start of production of electric engines. Supported by an experienced mentor, you will benefit from various stations with a strong focus on project management and process implementation. Working with us means agile transformation with innovations in the field of ramp-up-excellence, validation of process- and product-quality and digitalization.

Starting on **1st April 2019**, this 18-month opportunity is designed to prepare you for a career in a competitive environment and a guaranteed position at BMW Group Plant Steyr afterwards. You will work abroad and build your own invaluable network of global contacts.

You should have:

- An above-average university degree with the focus on mechatronics, mechanical engineering, industrial engineering and management or similar engineering disciplines
- At least six months and a maximum of three years of relevant practical experience preferably in the automotive environment through study-related activities or professional experience
- At least four months of experience of studying, working or travelling abroad
- A track record of participating in extracurricular activities
- Fluency in German and English (additional languages would also be advantageous)
- Excellent communication and teamwork skills
- Drive, determination and a willingness to take on responsibility
- A passion for innovative solutions that will shape the vehicles of the future.

Salary Benefits:

Gross salary: EUR 3.502,- per month according to wage agreement and willingness to overpayment depending on qualifications and experience.

If you share our passion for future mobility solutions and would welcome the opportunity to take over new responsibilities, the Global Leader Development Programme (GLDP) will open doors for you. All you have to do is walk through them.

We look forward to your application. The application period ends on **16th December 2018**.

Please note: As part of the selection process for the GLDP, you may be invited to an online assessment. For more detailed information about the application procedure, please visit our career homepage www.bmw-werk-steyr.at/karriere or www.bmwgroup.com/gldp
