

Grow your Career with us

We don't talk in riddles; we speak in code. If you speak the same language, then this might be the right job for you! **Beyond Now** is a leading international provider of complex enterprise software in the form of a digital platform, powering organizations to launch new services at speed and grow revenue in an era of cloud, IoT, AI and 5G by utilizing our platform, marketplace and SaaS BSS. We're building our team with the best people, and that's where you come in.

Spring Internship 2026: Software Developer (m/f/x) in R&D

"Berufspraktikum" Start: March or April 2026* – 2-4 months | 8074 Raaba-Grambach | full-time (38,5 h/week) or part-time (minimum: 20 h/week) | *ideal first step toward building a lasting professional relationship.*

What you'll be doing:

As an intern, you are a fully integrated member of one of our agile development teams. You will work as a software developer on exciting development projects (such as UI, SW Maintenance, etc.). These will be **your main tasks**:

- Independent development of backend components in Java (Spring) or web components in React
- Implementation of automated tests
- Finding, analyse and implement bug fix solutions
- Working with state-of-the-art technologies such as J2EE, React, Docker, Kubernetes, CI/CD, Public Cloud (AWS, Google, Azure), Spring

What you bring to the role:

- Ongoing studies at FH/Uni (Software Engineering, Software Design, Cloud Computing, eHealth, Data Science, Information and Computer Engineering or similar)
- Quick comprehension and interest in learning and using new technologies
- Basic knowledge in the development of JAVA / J2EE applications; Basic understanding of SQL
- Good written and spoken English skills; German is a "nice to have"
- High degree of initiative, reliability, determination, and willingness to learn
- Willingness to act as a full team member for approx. 2-4 months physically in the office and remotely (approx. 60:40%). A minimum of 12 weeks are desirable for part-time work. *For an optimal introduction, a common start for all interns is advantageous and we therefore prefer a start on 02.03.2026. Please let us know your possibilities - we will try to take your wishes into account).
- You have a valid work permit for Austria.

TASKS &
RESPONSIBILITY

- **State of the art:** You will gain a lot of practical experience for your further education, especially in the field of professional enterprise software development.
- **Way of Working:** With our comprehensive onboarding- and buddy program, you will quickly become part of the team.
- **Joy:** Good cooperation and togetherness are essential elements of our company philosophy.
- **Compensation:** The monthly salary for students on full-time basis is € 1.800,- gross.
- **Look ahead:** If it suits both sides, we are happy to stay in contact with high potentials. After you have graduated and successfully completed your software engineering experience with us, we will be happy to look into further development opportunities in the areas of Project Management, Scrum Master, Product Owner, Software Architect or similar.
- Find out **more** about us and what else is in it for you at: <https://www.beyondnow.com/en/company/careers/work-at-beyond/> If you have any questions, you are welcome to reach out to us via email.

This is how you get your internship:

- Please apply **online** by 10.12.2025 with your informative, structured CV in German or English, including your recent transcript of records, and stating the possible period of time for working. We kindly ask for your understanding should feedback be provided after the application deadline.
- Please note that we cannot accept e-Mail applications, but we are happy to help via e-Mail if you have questions.
- With a bit of luck, maybe we'll get to know each other either within an interview and/or application event. **Aviso:** ~15.01.2026 - Save the date!

We are looking forward
to your online application!
