

Since our beginning in 2014 as a spin-off from a global technology company, we have been advancing smart surface systems (heaters, sensors and ECUs) based on our own, cutting-edge technology. Despite its young age, ATT offers a whole range of unique high-tech solutions and is a series supplier in the areas of Automotive, Aerospace, Railway, Building Technology and Industry. For our further expansion and improvement of our market position we are looking for a

JUNIOR PROGRAM MANAGER

Your Tasks

- Management of the customer project portfolio
- Project controlling based on underlying contracts and targets (deadlines, quality, costs)
- Initiation of correction measures in case of deviation
- Coordination of the project teams, interface to management and customers
- Preparation of commercial offers in collaboration with a multidisciplinary team
- Contract management

Your Profile

- Educational background in engineering / technology or economics / business
- Work experience in Automotive, Aerospace, Railway, Building Technology or Industry is advantageous
- Strong project management and teamwork skills
- Self-motivation, flexibility and ability to work independently
- Strong organizational skills, structured way of working
- Very good communication and negotiation skills
- Good command of German and English

Our Offer

- Exciting work environment - share our passion for high-tech innovation and cutting-edge technologies
- Unique team spirit, open corporate culture with flat hierarchy
- Attractive location in Styria, Austria's industrial heart and one of Europe's most innovative regions
- Excellent individual development opportunities

Your performance is remunerated with an attractive and market-compliant salary. The position is subject to the Collective Agreement for Employees in the Metal Trade (Kollektivvertrag für Angestellte Metallgewerbe) and we provide a minimum salary of 45,000.- Euro gross per year. Naturally, we offer an overpayment based on your previous experience and qualifications. Does our offer sound interesting? If so, we look forward to receiving your complete application and the opportunity to discuss further details in person.
