

Grow your Career with us

Software quality is your passion, and you would like to be responsible for quality assurance from A-Z for a complex product? Is a scope for action and design important to you? Then build up our black-box testing!

Beyond Now is an international leading ecosystem orchestration and digital platform provider, powering organizations to launch new services at speed and grow revenue in an era of cloud, IoT, AI and 5G by utilizing our digital platform and SaaS BSS. We're building our team with the best people, and that's where you come in.

Software Quality Manager (m/f/x)

Premstätten | Full-time | Immediate Start

What you'll be doing:

- You will be responsible for creating black box testing strategies for a complex software product
- You will develop and lead a team of Quality Engineers (2-3)
- You will proactively connect to and exchange with other stakeholders on goals and outcome
- You will be continuously spotting areas for improvement

What you bring to the role:

- You have completed an IT education
- You have completed at least one ISTQB certification
- You have at least 3 years of experience with Software Quality Engineering/Management
- You follow a structured, hands-on and holistic approach
- You know how to apply and manage various Software Quality Assurance approaches
- You have experience with leading teams and agile methodologies
- You are an excellent and proactive communicator (mainly in English, German is beneficial)

What's in it for you:

- Beyond Now Benefits:

- This role offers development potential: it is aimed at experienced QEs who want to take on responsibility or QMs who thrive in their expert and leadership role.
- A minimum collective salary of 50.000,- gross per year is intended. However, we offer a salary in line with the market, depending on your specific qualifications and professional experience.
