

Internship 3D Design (f/m/d)

Job description

We open the door to a world of possibilities and give you the chance to set new standards with us.

We are looking for people with enthusiasm for innovation, people who are passionate about what they do, forward thinkers and doers. Is that you? Then our door is open for you.

Are you eager to gain diverse experiences in design and are motivated to proactively contribute and develop professionally? Perfect, that's what we're looking for if you want to contribute your valuable ideas and become part of our team.

Your role

- You create 3D designs for product presentations.
- You design 3D animations in the context of product visualization and implement them.
- You work closely with the design team to implement creative concepts.
- You ensure a consistent design language and high quality in the product presentation.

Your qualifications

- You are currently studying for a Bachelor's or Master's degree in (Industrial) Design, Architecture, or similar.
- Ideally, you have already gained some practical experience in 3D design through previous internships or projects.
- You are confident in using common 3D design software such as Blender, Cinema 4D, Autodesk Maya, etc.
- You have good English or German skills.
- You are creative, enjoy working in a team and have an eye for detail.

WHY US

This internship is right for you if you want to actively contribute to our company. As a full-fledged member of our team, you will have the opportunity to gain experience in everyday work, broaden your horizons and expand your professional expertise. The support of personal mentors, ongoing feedback sessions and benefits in the daily work routine are a matter of course for us.

This internship should last at least 3 months and can take up to 6 months. A salary of € 1,198.00 gross per month for 38.5 hours/week is considered. We look forward to receiving your meaningful application including a possible start date (a start is possible during the lecture-free period) via our [application form](#) or via career@nuki.io.
