

At **BIOMIN** we harness the power of science to support animal health and performance. By applying state-of-the-art and proprietary technology we deliver natural, sustainable and profitable solutions to the livestock industry. For over 30 years we have pioneered innovative solutions for mycotoxin risk management and gut performance. BIOMIN is part of ERBER Group.

To further secure our rapid growth we are looking for the right woman or man to fill our vacant position as

## SCIENTIST BIOPROCESS DEVELOPMENT (UPSTREAM-/DOWNSTREAM) (M/F)

### THESE ARE THE TASKS WE TRUST IN YOU:

- Develop and optimize bioprocesses for probiotics and recombinant protein production
- Design, perform and supervise lab-scale bioreactor processes (upstream and downstream processing)
- Support process scale-up and transfer to production
- Evaluate data and document experiments according to GDP
- Compile data overviews, presentations and reports
- Review current literature and implement new methods and techniques

### TO LEAVE REAL 'FOODPRINTS' WITH US YOU NEED THE FOLLOWING SKILLS:

- PhD degree with experience in bioprocessing of bacteria and yeasts, experience with fungi would be a plus
- Experience with upstream (microbial fermentation for biomass or recombinant protein production) or downstream processing (separation, filtration, polishing steps)
- Expertise in bioreactor cultivation and in-process control, experience with bioprocess modelling would be a plus
- Experience with lab-scale fermentation is a must, large-scale fermentation know-how would be a plus
- Organized, open-minded, team player
- Good command of English is a pre-requisite

### OUR CULTURE: PIONEERS, PARTNERS AND PERFORMERS – THIS MEANS FOR YOU:

- 100% of trust in you and your skills in advance
- A task with development potential and high degrees of freedom
- Exciting and challenging European and global tasks
- Internal and external development programs
- Unique company culture and on first name terms from trainee to CEO

### WHAT ELSE TO KNOW?

- Reference Number: 530
- You will be based at Getzersdorf (Austria)
- Your type of employment: fulltime (38,5 hours/week) permanent contract
- Based on your classification in our ERBER Group career model, your professional experience and your qualification, we offer you an attractive total compensation package starting at € 45 000 gross p.a. (full-time incl. fix and variable components)

Are you ready to leave real 'foodprints' with us? We are looking forward to your online application.
