

Join our team as a

Java Software Developer (f/m/d)

AT OUR SITE IN FRIESACH NEAR GRAZ or GRAZ

The **SSI Schaefer Group** is the world's leading solutions provider of modular warehouse and logistics systems, employing a workforce of over 10,500 people at its international subsidiaries and production sites.

The IT powerhouse of the group, **SSI Schaefer IT Solutions**, is the ideal partner for analyzing, visualizing and optimizing your intralogistics processes.

With over **1,100 software experts**, we develop customer-oriented, individually tailored intralogistics solutions.

YOUR RESPONSIBILITIES

You love to realize new customer projects and work on software conception as well as design?

You are service orientated and like to elaborate optimization potentials of software solutions for our existing customers? In both cases we have the right challenge for you.

Beside your main responsibilities you are also dealing with the following tasks:

- Creating software designs, coding software solutions and bug fixing
- Source code reviews and developer tests
- Software documentation and creating test reports
- Holding workshops (customers, suppliers, etc.)
- Implementing software solutions
- Assisting live operation remotely and/or on-site at our international customers' premises

YOUR BENEFITS

In addition to a wide variety of engaging tasks, we also offer our employees the following benefits:

- | | |
|---|---|
|  Family-owned company |  Comprehensive health care package |
|  Job security |  Lunch allowance |
|  Healthy growth |  Flexible working hours |
|  High level of creative freedom |  Funded professional development program |
|  Staff discount |  Buddy system |
|  Numerous staff events |  Free parking |
|  Homeoffice | |

The minimum salary for this position according to the Collective Agreement is € 2,635.-- for 38.5 hours/week. However, we offer a competitive salary depending on relevant professional experience and qualifications.

YOUR QUALIFICATIONS

- Educational background with specialization in the field of IT or technology advantageous
- Experience in software development and object-oriented programming (Java)
- Understanding of relational databases (MS, SQL, Oracle, etc.)
- Practical knowledge of Linux and Windows operating systems advantageous
- Knowledge of network technology
- Experience with common development environments and with GIT and Gerrit advantageous
- Good command of English
- Team-oriented personality with an independent and precise way of working
- Willingness to travel abroad (approx. 30% of annual working hours)
