

# Angular Frontend Web Developer (m/f/x)

Full time – Graz

Angular | JavaScript | TypeScript | Java | Software as a Service | Digital Transformation | Cloud Monitoring

Excited about **frontend development**? Wanting to join a **global leader** that enables **digital transformation**?

Looking for teammates who appreciate **open communication** and face **challenges** together as a team?

Dynatrace is a **global leader** in **Software Intelligence** because **the world needs software to work perfectly**. Our innovative SaaS product helps customers to get a **self-driving IT**. **High-quality standards** and **cutting-edge technologies** are only a few aspects of our **market leading solution** in which enterprise customers like Porsche, H&M, Delta Airlines, United Health Care, JP Morgan and many more trust to successfully drive their **digital transformation**.

## Your role in the team

- Frontend Development of new **Web Applications in Angular** (>700 Screens)
- **Visualization of complex data sets**, depending on your interests (e.g. Dashboard, Real User Monitoring, universal Component-Library)
- Development of new features and components for our Angular-component-library
- Migration to the latest technologies and development of **new features**
- Ensuring the high **scalability** of our clients

## Your profile

- **Technical study** related to Software Engineering
- **Experience with JavaScript or TypeScript**
- Experience with **frameworks** (eg. Angular, Vue, React)
- Hands-on **teammaker** with **high quality awareness** and experience with **testing**
- **Java know-how** would also be of advantage

## You will love this job if

- you look for new challenges with **Angular, JavaScript** and **TypeScript**.
- you appreciate **team spirit** and you like to bring in new ideas.
- you are motivated and enthusiastic as your colleagues.
- an **international environment** is attractive to you.
- you are excited about learning **new technologies**

Seeing is believing – Check out our Dynatrace [Graz Lab](#).

Due to legal reasons, we are obliged to disclose the minimum salary for this position, which is € 38,010 gross per year based on full-time employment (38.5 h/week). We offer a higher salary in line with qualifications and experience.

### Benefits of becoming one of us:

- **Education & Training:** Visit conferences or learn a new skill at one of our partner platforms, or at our Dynatrace University
- **World leading technologies:** Choose your own IT equipment
- **Flexible working hours & Home office:** Decide when and where you work
- **Team events:** Take part at our Skiing Day, Christmas celebration, Achievement celebration, and Team dinners
- **Fun-Corner/Gaming Area:** Have fun with your coworkers while playing table-tennis or tabletop football
- **Food & Drinks:** Enjoy fresh fruits, drinks, smoothies, snacks, and cereals
- **Food allowance:** Benefit of our food subsidy when eating lunch
- **Parking spaces and public transportation ticket:** Use our parking space in front of the building or receive a public transportation ticket
- **Health offers:** Experience cost takeovers for sport events, participate in running groups, or take part at regular fitness checks
