

INTERNSHIP MARKET INTELLIGENCE (M/F/D)

The internship is to be filled starting from mid of January 2026 for at least 6 months. There is the possibility of an extension of 6 months. The basic salary for this position is based on the statutory minimum salary of EUR 2.645,68 gross per month in Austria.

Your first step into professional life starts now with us. We look forward to hearing from you.

Your Responsibilities:

- Develop a database with our historical sales figures and external macroeconomic data
- Perform regression analyses to identify the key drivers of the gas engine market (strategic market drivers)
- Create a forecasting model for our core markets based on your analysis
- Set up a system to detect changes in identified market drivers early
- Participate in strategic projects and share your ideas in the evaluation of new market segments

Your Profile:

- You are currently studying or close to completing your degree in Economics, Energy Economics, Statistics, Data Science, or similar
- You are passionate about working with data, discovering connections, and making a meaningful impact – statistical knowledge is important, as well as a solid understanding of economics and preferably energy generation
- You have strong analytical skills and can explain complex topics in a clear and understandable way
- You enjoy working independently and contributing new ideas
- You are fluent in English and ideally in German, too
- Excel, PowerPoint, and Outlook are second nature to you
- You are familiar with databases and statistical programs

WHY INNIO JENBACHER?

- An innovative and international working environment
- Flexible working time model
- Health We Care Program – including sports activities
- Good connections to public transport – station in direct proximity
- Transportation cost support in accordance with policy
- One of the best canteens in the area with healthy and various meals
- Attractive location in the heart of the alps which provides various outdoor sport and other leisure possibilities
