

## As a fast growing ScaleUp we are expanding our Team with a **JUNIOR FRONTEND DEVELOPER (ALL GENDERS)**

smaXtec is an innovative high-tech company that makes an important contribution to animal health as well as to the economic and ecological success of dairy farms with its unique and comprehensive health monitoring system for cows. The data, which is collected and analyzed in real time worldwide, helps farms optimize animal welfare and reduce the burden on farmers. In this way smaXtec contributes significantly to a profitable and sustainable dairy industry.

- Programming and Development activities with **modern technologies** for the Web (React, JavaScript, TypeScript)
- **App Development** with React Native for iOS and Android
- **API Services:** Rest APIs (Python, Flask)
