

WE CAN OPEN THE DOOR. BUT YOU HAVE TO WALK THROUGH IT.

GET THE SKILLS TO SUCCEED – THE GLOBAL
LEADER DEVELOPMENT PROGRAMME.

You have a flair and love for business. In all its facets. All over the world. Then we have a perfect investment for you: our Global Leader Development Programme. Benefit from international experience and variation, and step by step learn the skills you need to succeed. If you are passionate about mobility solutions for tomorrow and enjoy taking on responsibility, you're in good company.

Global Leader Development Programme – E-Mobility (f/m/x)
Job reference: AT01851

What awaits you?

- Your passion for innovative electro-mechanical solutions will contribute significantly to the development of electric motors for premium battery driven electric vehicles.
- It will be your responsibility to manage external partners and accompany them in component development in parallel to your own engineering developments.
- Supported by an experienced mentor, you will benefit from various stations with a strong focus on development process, project management and product quality.
- Subsequently, you will gain unique insights and tailored on the job training allowing you to grow with your tasks.
- In doing so, you will have the chance to increase your level of responsibility and contribute to the future of mobility.
- To give you the full picture, you will explore new work areas in an international context, growing your own invaluable network of global contacts.

Starting on **1st April 2022**, this 18-months opportunity is designed to prepare you for a career in a competitive environment and a guaranteed position at BMW Group Plant Steyr afterwards. You will work abroad and build your own invaluable network of global contacts.

What you should have?

- A university degree with the focus on **mechatronics, electrical engineering** or similar disciplines with knowledge in electrical engineering.
- At least six months and a maximum of three years of relevant practical experience preferably in the automotive environment through study-related activities or professional experience.
- Fluency in German and English.
- Excellent communication and teamwork skills.
- Drive, determination and a willingness to take on responsibility.
- A structured approach to complex projects and operational questions.
- A passion for innovative solutions that will shape the vehicles of the future.
- Ideally some experience of studying, working or travelling abroad or a track record of participating in extracurricular activities in English.

Salary Benefits:

Gross salary: EUR 4.205,00 per month according to wage agreement and willingness to overpayment depending on qualifications and experience.

If you have a passion for future mobility solutions and would welcome the opportunity to take over new responsibilities, the Global Leader Development Programme (GLDP) open doors for you. All you have to do is walk through them.

Please note: As part of the selection process for the GLDP, you may be invited to an online assessment. For more detailed information about the application procedure, please visit our career homepage www.bmw-werk-steyr.at/karriere.
