

NETCONOMY is a leading partner for digital excellence. With our focus on innovation we are shaping the future of digital leadership for our clients. NETCONOMY's unique identity is the direct result of strong values and a community of people driven to achieve excellence. Currently we employ around 350 SAP® Customer Experience professionals at our locations in Berlin, Dortmund, Zurich, Vienna, Graz and Klagenfurt.

For our site in **Graz** we are looking for:

Frontend Developer (m/f)

Imaginative and full of action – your job is a versatile one.

- > Realization of modern, high performance web solutions
- > Browser and performance optimization
- > Usability optimization of available frontends
- > Implementation of responsive designs and ensuring cross-browser compatibility
- > Evaluation and introduction of innovative frontend technologies
- > Working with technologies such as React.js, Node.js, SASS and JSP

Goal-oriented and solution-driven – your possibilities are top-notch.

- > Employee-oriented company culture
- > Independent duties with personal responsibility
- > Great working atmosphere and flexible hours
- > A versatile position with international context

You know what you are capable of! Your profile backs it up.

- > Profound knowledge in web development
- > Solid JavaScript knowhow (also without frameworks)
- > A high degree of self-responsibility
- > Enjoy working on a team and are open and communicative
- > Interest in actively contributing to the company
- > Knowhow with various web browsers and their compatibility problems, experience with SVG and icon fonts beneficial
- > Handling of modern development tools as well as applied experience with accessibility and usability

Note in accordance with §9 Abs. 2 GIBG: the minimum monthly salary is € 2,461.00 when employed full-time as stated in the collective bargaining agreement. The actual salary depends on experience, qualification and education and includes overpay and a variable bonus.
