

Grow your Career with us

Are you technically minded, interested in software development projects and like customer contact? You don't want to choose one? You don't have to! Combine your diverse strengths in an innovative enterprise software company: Beyond Now is a leading international provider of complex enterprise software in the form of a digital platform, powering organizations to launch new services at speed and grow revenue in an era of cloud, IoT, AI and 5G by utilizing our platform, marketplace and SaaS BSS. We're building our team with the best people, and that's where you come in.

Spring-Internship 2026: Product Owner (m/f/x)

“Berufspraktikum” Start: March or April 2026* – 2-4 months | 8074 Raaba-Grambach | full-time (38,5 h/week) or part-time (minimum: 20 h/week) | *ideal first step toward building a lasting professional relationship.*

What you'll be doing:

As a fully-fledged member of the Product Owner team, you – together with your buddy - will be jointly responsible for the successful delivery of customer projects as part of the software implementation process. Your **main tasks** could include:

- Supporting your Product Owner peers in the **creation and approval of customer requirements** together with customers and development teams
- Assisting in **Backlog-Management** – incl. creation / prioritization of backlog items acc. to timelines and project goals
- Compiling **information** (customer processes, customer requirements, analyses of possible uses of the systems, product information, workshop plans) and design PO content (user stories, process descriptions, etc.).
- **Implementation of customer requirements** in one of our modern tech stacks (Container/AWS Serverless)
- Providing **continuous monitoring** of the project's progress, taking into account milestones set, and taking measures in case of deviations

What you bring to the role:

- Ongoing technical and/or business studies at HTL/FH/Uni (e.g. in the field of IT, innovation and product management, business informatics, software development & management, or similar)
- Quick comprehension and interest in learning and using **cutting-edge technologies** (e.g., IoT, 5G)
- Excellent communication abilities, with proficiency in both written and verbal English (German is beneficial).
- High degree of initiative, reliability, determination, and willingness to learn
- Excellent MS Office skills (PowerPoint, Excel, etc.)
- High level of personal responsibility, good organizational skills, and ability to connect easily with others
- Willingness to act as a full team member for approx. 2-4 months physically in the office and remotely (approx. 60:40%). A minimum of 12 weeks are desirable for part-time work. *For an optimal introduction, a common start for all interns is advantageous and we therefore prefer a start on 02.03.2026. Please let us know your possibilities - we will try to take your wishes into account). You have a valid work permit for Austria.

- **State of the art:** You will gain a lot of practical experience for your further education, especially in the field of requirements engineering for professional enterprise software development.
- **Way of Working:** With our comprehensive onboarding- and buddy program, you will quickly become part of the team.
- **Joy:** Good cooperation and togetherness are essential elements of our company philosophy.
- **Compensation:** The gross monthly salary for pupils is € 1,600 and € 1,800 for students.
- **Prospects:** If both parties agree, we're open to staying in touch with top candidates for potential full- or part-time roles. Take this great chance to kick-start your career and explore long-term opportunities with our team.
- Find out **more** about us and what else is in it for you at: <https://www.beyondnow.com/en/company/careers/work-at-beyond/>

This is how you get your internship:

- Please apply **online** by 10.12.2025 with your informative, structured CV in English, including your recent transcript of records, and stating the possible period of time for working. We kindly ask for your understanding should feedback be provided after the application deadline.
- With a bit of luck, maybe we'll get to know each other within an interview and/or application event: **Aviso: ~15.01.2026** - Save the date!
- Please note that we cannot accept e-Mail applications, but we are happy to help via e-Mail if you have questions.

We are looking forward
to your online application!
