Internship: Quality Management (f/m/d)

You are currently studying in the field of Engineering or Science with interest in quality and reliability aspects of semiconductor products? Semiconductors are a key element in the automotive industry. Infineon Automotive (ATV) is responsible for shaping the future of mobility. We make cars cleaner, safer and smarter. Curious? Do not hesitate and apply now for this internship in Graz!

Apply online now

Location: Graz
Job ID: HRC0799986
Start date: 01.06.2024
Operating department: IFAT DCGR ATV QM SP PQM

Type of employment: Part time
Length of contract: Temporary
Job splitting possible: No
HireIFX: No
Workplace type: On-site

Job description
In your new role you will:

- Support in generating product quality documentation
- Ensure the correctness, completeness and consistency of generated product quality documentation through internal database checks and close alignments with relevant internal counterparts
- Organize and maintain the respective product quality documentation file structure to keep it well-arranged and up-to-date
- Assist in setting-up, execution, tracking, and following-up of product qualification, product monitoring, and reliability risk assessment activities

Further Information
Type of employment: Temporary / Part-time (flexible working hours from Monday to Friday between 6 a.m. and 7 p.m.)
Duration: min. 12 months

Your profile
You successfully meet the requirements, if you are a motivated and committed student from the field of Engineering or Science with interest in quality and reliability aspects of semiconductor products. You are best equipped for this task if you additionally offer:

- Good communication and negotiation skills
- Attention to details
- Knowledge in semiconductors is an advantage
- Knowledge in quality and reliability is an advantage
- Fluent English Skills, German skills are advantageous

This position is subject to the collective agreement for workers and employees in the electrical and electronics industry (full-time), employment group B for bachelor students, employment group D for master students (https://www.feci.at/wp-content/uploads/2023/05/minimum-salaries-white-collar-workers-2024.pdf).

Please attach the following documents (German or English) to your application:
- Motivation letter
- CV
- Certificate of matriculation at a university
- Latest Transcript of records (not older than 6 months)
- Highest completed educational certificate (Matura certificate for Bachelor students, Bachelor certificate for Master students)
- Reference letter (optional)

Driving decarbonization and digitalization. Together.

Infineon designs, develops, manufactures, and markets a broad range of semiconductors and semiconductor-based solutions, focusing on key markets in the automotive, industrial, and consumer sectors. Its products range from standard components to special components for digital, analog, and mixed-signal applications to customer-specific solutions together with the appropriate software.

–Automotive (ATV) shapes the future of mobility with micro-electronics enabling clean, safe and smart cars –
Semiconductors are essential to realize key trends like eMobility, automated driving and secure, connected cars. Infineon ATV is the #1 semiconductor partner in the fast-changing automotive world, based on our system knowledge coupled with our passion for innovation and quality. We are a key driver in the ever-advancing pace of digitalization in the automotive industry.

We are on a journey to create the best Infineon for everyone.
This means we embrace diversity and inclusion and welcome everyone for who they are. At Infineon, we offer a working environment characterized by trust, openness, respect and tolerance and are committed to give all applicants and employees equal opportunities. We base our recruiting decisions on the applicant’s experience and skills.
We look forward to receiving your resume, even if you do not entirely meet all the requirements of the job posting. Please let your recruiter know if they need to pay special attention to something in order to enable your participation in the interview process.
